THIE GREAT BUROPEAN MUSEUM, AT 720 CHES

unt st., Philadelphis, is one of the most complete of
lections in this country, it is divided into department
properly classified and arranged with systematic car

Chief among these are the anatomical, pathological an
ethnological departments, and exchanneal moving wa
figures in groups of life size. The entire spacious buildin
on Chestnut st. is occupied by the museum, which for
a varied and interesting source of instruction f
visitors. The anatomical department is pronounced of
eminent surgeons to be the finest in calistence, and
daily visited by physicians and sindents for the purpo
of perfecting their knowledge of the human syste
There are numerous esteelogical proparations, with nat
rail and artificial objects in great variety, while the colic
tion of surgical anatomy, propared by Dra. Chasilon a
Cartesaux, of Parls, is unrivalised for its compistences in
distily to nature. The department of pathology is lib
wise very complete and interesting, containing many e
pensive models, including the valuable plastic anthpological models of Professor Beck, of Leipsic. To
ethnological department contains a classification of near
every distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of exvery distinct race in the world, with models of
